Continuing Education System™

2020 Southeast New York Stormwater Conference: Session III (11/12)

LA CES Quiz

Name:

License #:

1. Name two consequences of gentrification
2. What is the “Green Growth Machine?”
3. Define “Green Gentrification”
4. How do you “fit in” to the issue of green gentrification:
 - A. Do you rent or own?
 - B. Can you easily access green space? Can you walk or must you drive?
5. How do you see the role of your profession in contributing or finding solutions to green gentrification?
6. How much of a concern is housing and business displacement for your organization?
 - A. Not at all, we deal with providing infrastructure services equally to all
 - B. Somewhat, community groups have been making some noise but it is not our responsibility, it’s outside our mandate
 - C. Moderately, we can see the relationship between our work and those issues but don’t know what to do
 - D. It is of paramount importance, stormwater is an environmental justice issue and addressing housing is central to our work
7. What are the four elements of a GI definition?
8. What did Dr. Grabowski mean when he said “The future is integrative” under Takeaway #1?

9. Define "Equity" as it relates to GI
10. Has Dr. Garbowski's research shown that urban GI planning usually addresses equity issues?
11. Name 2 of the 4 strategies for building equity into GI mentioned by Dr. Grabowski .
12. Today I learned, or solidified my knowledge of how (select all that apply):
 - A. GI refers to ecological landscape elements, stormwater infrastructure, and other types of 'greening.'
 - B. GI explicitly adds value and manages hazards, intersecting with uneven social and spatial patterns of risk and housing precarity
 - C. Current GI plans do a poor job of capturing equity concerns
 - D. Opportunities exist to
 - E. Something else _____
